

CONSTRUCTION SUPPORT TECHNICIAN LEVEL 3 APPRENTICESHIP

Start Your Career in Construction with a Level 3 Apprenticeship

Key responsibilities:

- Supporting construction projects in offices and on-site
- Ensuring health and safety compliance with risk assessments
- Communicating with teams, contractors, and suppliers
- Managing contracts, tenders, and project documentation
- Monitoring costs, resources, and project progress

This apprenticeship gives you the chance to learn on the job, combining hands-on experience with the theory you need to kickstart your career in construction support. You'll gain valuable experience working both in the office and on construction sites, helping to shape the built environment with real projects.

With the help of our expert team, you'll develop confidence in key areas like project coordination, health and safety, and managing contracts. Throughout the apprenticeship, you'll learn how to plan projects, communicate with teams, manage costs, and track progress, skills that will set you up for success in the construction industry.

TYPICAL DURATION: 24 months plus EPA

LEVEL: Level 3
